Tarangire National Park

Wherever you go in Tarangire National Park, you'll come across the park's famous and larger-than-life baobab trees and elephants. These are the twin elements that give this park so much personality. There is, of course, so much more. We don't just mean the huge populations of wildebeest, giraffes, hippos, buffaloes, baboons, vervet monkeys and zebras. Or the rugged landscape of rocky hills and rivers, swamps and savannah plains. You also have an excellent chance of seeing lions here – Tarangire is a real lion stronghold – and keep an eye out for leopards and cheetahs as well.

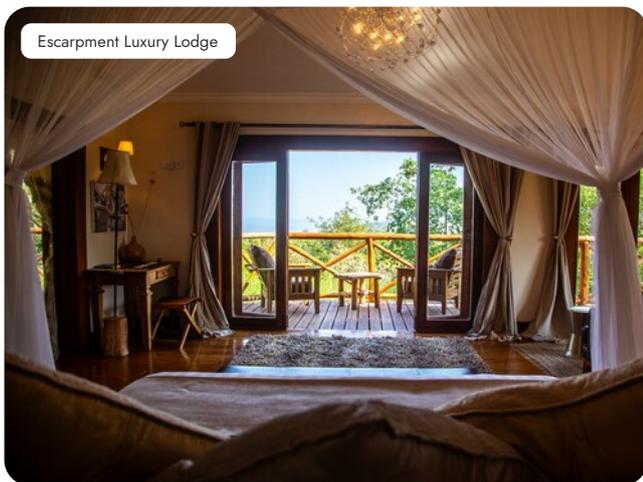

Accommodation | Day 2

Escarpment Luxury Lodge

Lodge

The views out over northern Tanzania from Escarpment Luxury Lodge seem to go on forever. The rooms are large and luxurious and there are views from the swimming pool, restaurant, some rooms and most public areas. It's an excellent base for visiting Lake Manyara National Park, which lies at the base of the escarpment.

Lake Manyara National Park

Lake Manyara is one of the most underestimated national parks in Tanzania's northern safari circuit. Everything you'll see here is on a different scale, at once compact (this is one of the narrowest parks in Africa) and epic (the Rift Valley escarpment towers over Lake Manyara's western boundary). You'll see plenty of baboons and elephants in the park's thick evergreen forest, and watch for the tree-climbing lions that have become famous throughout Africa. Thanks to the proximity of lake, forest and rock walls, the birdlife will also tease out your inner birder – don't forget your binoculars.

Mto wa Mbu

All 120 of Tanzania's tribal groups are represented in the little town of Mto Wa Mbu, and a stroll along its main thoroughfare will showcase small-town African life.

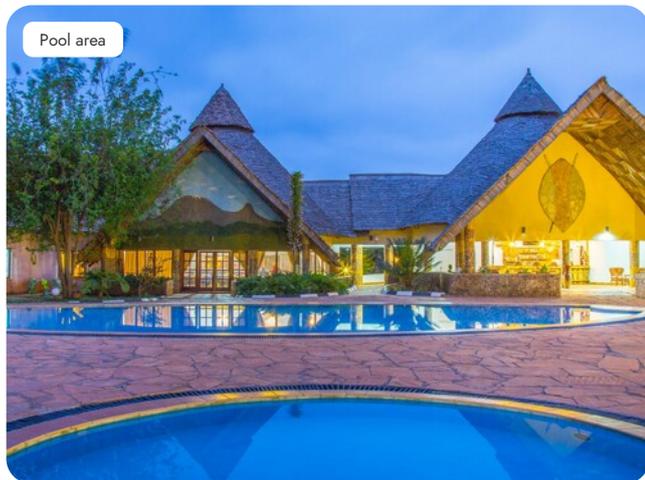

Accommodation | Day 3

Farm of Dreams Lodge

Lodge

You'll enjoy the quiet, palm-fringed surrounds of Farm of Dreams Lodge, close to Karatu and just off the road between Lake Manyara and Ngorongoro. Large rooms with mosquito nets, earth colors and safari prints make for a good night's sleep, while the swimming pool and restaurant might make you feel like you never want to leave.

Ngorongoro Crater

You'll learn why magical Ngorongoro is unlike anywhere else in Africa. Cloud forests encircle the crater rim, and the view out across the caldera of this former volcano – quite apart from the altitude – will leave you gasping for air. Your drive down a steep trail carries you onto the crater floor where a unique wildlife offering is added to the sheer beauty of the experience. You'll share the sunken ecosystem of the crater floor with hyenas, lions, elephants, black rhinos and hippos. An ecosystem that has formed in the crater in the millennia since the volcano wrought its terrible fury upon the land. It could just be one of your best safari days ever.

Serengeti National Park

Here in the Serengeti you'll find big cats (leopard, lion and cheetah), big herds (wildebeest, zebra and buffalo) and very big elephants.

Accommodation | Day 5

Serengeti Heritage Luxury Tented Camp

Tented camp

You're staying in the Serengeti's wildlife heartland of Seronera when you stay at Serengeti Heritage Luxury Tented Camp. The camp has everything you need, from large safari tents, a public dining and lounge tent, and nightly campfires where you can meet other safari travelers. But this place also has the X-factor that comes with occupying prime safari real estate: staying here means anything could happen at any moment, from an elephant wandering through camp to a lion roaring just beyond the trees.
